

# AISLING BURKE O'CONNOR

VISUAL ARTIST

## ARTIST STATEMENT:

My artistry commences outdoors as I keenly observe life from an external perspective. I adeptly employ photography to vividly capture my perceptions. Using my laptop as a digital sketchbook, I deftly refine and edit my chosen images.

Subsequently, I select the most fitting visuals to meticulously bring to life using oil on linen, effectively communicating my visual art. As I paint, my internal imagery assertively transforms the appearance of the piece, reflecting the powerful sensations experienced during the physical act of creation.
